## ❖ Message from the Organizing Committee

It gives us immense pleasure to announce the Asian Conference of Tumor Ablation (ACTA) 2018 which is to be conducted in Radisson Temple Bay, a picturesque beach resort close to Chennai in South India on 6th & 7th of October 2018.

The pre conference workshop will be conducted on the 4th of October 2018, wherein the participants will have an opportunity to try out various energies used in ablation on bovine liver. Hands on tumor targeting under ultrasound & CT guidance will be taught on mannequin's.

The Conference is jointly hosted by the Asian Society of Tumor Ablation (ASTA), The Indian Society of Vascular and International Radiology (ISVIR) and the National Society of Interventional Oncoradiology of India (SIO).

We invite all Radiologists interested in the practice of image guided ablation in oncology from Asian & Non Asian countries, to this event, so that not only can they benefit from the conference but also share their knowledge and expertise garnered in the speciality Of Interventional Oncoradiology

Another focus of this conference would be to introduce young consultants and student radiologists to image-guided treatment of tumors, by teaching and arming them with the knowledge of various energies available and their applications.

The congress aims to develop and present Asian consensus by expert committees for the use of tumor ablation, which would be of great value to radiologists in the practice of tumor ablation, and also to introduce recent advances in the field.

This forum will be a great opportunity to learn, meet & interact with global experts in the field which will be of immense value for patients in your respective geographies.

The venue is most scenic & one of the best beach resorts in India, which you can enjoy with your family. Moreover, India is a great country to visit especially in the month of October.

### SALIENT FEATURES

1. Hands-on workshops.
2. Interactive lectures by experts.
3. Discussions and tumor boards with other oncology specialists.
4. Display of latest state of the art equipments & tools for tumor ablation.
5. Learn to relax & unwind.
