## FROM DIRECTORS DESK

The Directorate General of Training (DGT) is the apex organization for development and co-ordination at National level, for the programmes relating to vocational training including Women's Vocational Training. DGT also operates Vocational Training Schemes in some of the specialized areas through field institutes under its direct control. Development of these programmes at national level, deciding policies, setting standards and procedures, training of instructors and trade testing are under the purview of DGT.

The Advanced Training Institute - Calicut is a field unit of the Directorate General of Training, Ministry of Skill Development & Entrepreneurship, Government of India. The history of the institute is dated back to 1981, when it was started as 'Model ITI' at Beypore, Calicut as a model to implement the restructured pattern of Craftsmen Training. In the year 1997, it was shifted to the present premises at Govindapuram, Calicut, Kerala.

Envisaging vast expansion and diversification of its training activities, erstwhile Model ITI was upgraded in 2014, as Advanced Training institute, Calicut. Craft Instructor Training Courses of one-year duration were started initially.

Now, to cater the skill upgradation demands of the local industries, Government departments, professionals and freshers, short-term courses are introduced with effect from October 2017.

This institute is having state of the art training facilities, excellent technical and support staff, library with collection of latest books and journals. The professional climate of this institute is engaging, vibrant and contemporary.

Thank you for your interest in our activities. Should you wish to know more about us, feel free to contact us. We are welcoming you to be a stakeholder of Advanced Training Institute Calicut for skill development.

Jai Hind.
